

Steel Frame Drafting Tables

Models: 660, 661, 662

Model 660

Model 661

Drafting tables are needed in both K-12 and higher education settings. Corilam combines quality metal parts, hardware and laminated tops to give a quality solution. Choose from 3 standard options. Custom options available upon request.

Model 662

Standard Depth: 30"
Standard Widths: 36", 42", 48"

Finishes and Specifications

Frame: Fully unitized frame, wire welded, 16 gauge tubular steel construction with 1-1/4" square tubing, butt welded to form a solid rectangular support frame under top surface. Adjustable legs 1.5" 14 gauge with 1.25" 16 gauge inserts.

Frame Finish: Frame to be black with electrostatically applied powdercoat. All exposed metal parts to be prepared for coating with a five stage wash that includes iron phosphate bath and acidic sealer for rust inhibitor, maximum chemical, solvent, and UV resistance. Hardness of finish to meet pencil hardness test of 2H or better. Applied polyester powdercoat to 2-3 mils in thickness and provide maximum chemical, solvent and UV resistance.

Standard Color: Black
Optional Colors: Platinum, Gray, Almond
 (Additional charges for quantities less than 25)

Work Surface: Manufactured using 1" thick, 45lb. industrial particle board core. Laminated with Wilsonart high pressure laminate of .035 thickness with a balanced backing sheet. All exposed edges are sealed. Glue line is a moisture and heat resistant PVA adhesive containing no VOC's.

Edgebanding: Machine applied using a moisture-curing, polyurethane adhesive, containing no VOC's. 3mm black PVC is standard. Other edge choices are laminate self edge, and postformed rolled or comfort edges.

Available Options: Keyboard tray with pencil holder and/or mouse tray, Adjustable CPU holder, drawers, paper storage, hanging hook and/or book compartment, monitor arm, casters
