Lecterns are items that are needed in all education institutions. The 912-6030 offers a floating top, along with plenty of storage. It is mobile and comes standard with an ergonomic keyboard tray.

Dimensions: 30" D x 36" W x 42" H

Finishes and Specifications

Case: Constructed using glued dowels and 3/4" 45 lb. particle board that is laminated with thermofused melamine on both sides. Heavy duty casters come standard on the unit. 110 degree institutional hinges are standard on the doors. One adjustable shelf is included. 2" grommets are standard on each side, at bottom of case, for easy cord access while doors are closed. Grommet in case top allows easy cord pass through to work surface from interior storage area. Units ship assembled.

Edgebanding: Machine applied using a moisture-curing, polyurethane adhesive, containing no VOC's. 3mm Black PVC is standard on all panels. Matching tape is available.

Worksurface: Manufactured using 1" thick, 48 lb. industrial grade particle board core. Exterior surface is high pressure laminate and is applied to core with water resistant adhesive containing no VOC's. A backer sheet is applied to provided balanced construction. One grommet is standard for easy cord access to top surface. Ergonomic keyboard tray has mouse tray included.

Colors: 10 standard colors in stock. Over 200 custom to choose from. 20% upcharge to use all HPL.

Available Options: Locks, Retractable Power Cord, Receptacles/Data Ports, Hinged Shelves on either/both sides, Rack rail for electronic components, Pull out shelves/drawers, Additional adjustable shelves.
