- Bookcases

## ***Finishes and Specifications***

---

**Case Construction:** All panels are 3/4" 45 lb. particle board covered with a .030 high pressure laminate. Assembly uses a glued, dowel construction method. Over 200 different laminate colors are available for use on the case construction.

**Backs are 3/4".**

**Shelf Construction:** All shelves are 45 lb. particle board that is covered with a textured, thermoplastic alloy (Kydex). The standard color is gray. Front edge is 180 degrees, fully radiused. Bottom of shelf is covered with a balance backer for stability. Larger shelves are reinforced underneath with steel brackets when needed.

**Doors:** Available with full length or compartment doors in wire or laminate. Security options include hasp for a lock or a hasp and latch to ensure compartment door closure without a lock.

**Edgebanding:** Machine applied using a moisture-curing, polyurethane adhesive, containing no VOC's. 3mm is standard.

**Design Advantage:** Corilam can assist with design and layout that will maximize space, budget and ease of use concerns. Our engineers have updated 3D CAD software to provide detailed layout.

**Available Options:** Vented toe-kicks, fillers & trim accessories
